Dear ShopRewards

Thank you for your generous donation.

We believe education is a child's ticket out of poverty. It is how we will break the cycle of hardship, and it is at the core of everything KidsCan does.

We are on a mission to give New Zealand children whose families are struggling the same opportunity to learn as anyone else. Our tangible programmes have been supporting a growing number of schools over the past 13 years and you are now one of the thousands of caring Kiwis determined to be a part of this solution with us.

Again, I am grateful for your support. Together we're making a difference for Kiwi Kids in need.
